CARVING KNIFE W0005

BREAD KNIFE W0006

Truly luxurious knives that are sure to make an impression.

Made from a single piece of finest quality steel to create a knife that boasts perfect balance and strength.

The fully hardened and tempered blade is complemented by a high gloss natural wood handle specially treated to withstand the rigours of the modern kitchen.

The handles are secured with three solid brass rivets and are hand finished by craftsmen in the same tradition as they have been for generations.

 Made in Sheffield.
