## For the chef who has everything.

The Gourmet Choice Electronic range are for chefs who like their gadgets.

Not just novelty gimmicks - these tools have real practical uses and are fully functional tools with integrated digital devices to take the effort out of kitchen tasks such as measuring ingredients, timing dishes and even making cocktails !

Tell the digital probe how you like your steak and it will give you a countdown...automatically serve perfect spaghetti with a pasta spoon which actually tells you when it's cooked...impress party guests using a measure which contains a full database of cocktail recipes programmed into it...and much more.
